Read the banner, not just the body

- 1** The deadline is Aug 5, 2026 — stated only in the update banner (moved from May 1). The body text below it still says May 1 in more than twenty places; transcribing the body leaves you three months stale.
- 2** The covered area is 24 counties and 25 tribal nations. The body lists only the original 17 entries (one of which, Samish, is a tribal nation, not a county); the 9 added counties appear only in the banner.
- 3** Relief is automatic for an IRS address of record in the area. Client outside it but records or preparer inside? Call the IRS disaster hotline today, not Wednesday.
