Practitioner note

- 1** SB 132 (June 2025) extends California's PTE elective tax through the 2030 tax year — it was set to expire after 2025.
- 2** For 2026 onward, a late or underpaid June 15 prepayment no longer disqualifies the election (it used to).
- 3** But the owner's PTE credit is reduced by 12.5% of that owner's share of the amount due but unpaid by June 15.
- 4** Updated Forms 3804 / 3893 / 3804-CR apply for 2026.
